ELECTRONIC HID BALLASTS

Our NEW line of Electronic HID fixtures! These feature an electronic HID ballast which allows energy costs to be reduced by up to 65% while allowing lower installation and maintenance costs.

Some of the benefits of using Electronic HID fixtures are:

- Longer lamp life
- Better lumen and color consistency
- No more "wall blackening"
- Higher reliability
- Optional full range dimming means no wasted light output
- Universal input voltage means the ballast can be used for many applications
- Compact ballast design allows integration into small spaces

Electronic ballasted fixtures are perfect for both indoor and outdoor applications and may even qualify for rebates from local utility companies! Order your supply today!

LIGHTING...**

**THE FUTURE
IS HERE**

CALIFORNIA BUSINESSES & RESIDENTS TAKE NOTE:

Duraguard Electronic HID Ballasts are fully compliant with the newest version of California Title 20 legislation, which governs the energy efficiency standards over metal halide luminaires sold in California, on or after January 1, 2010
